

Dear Parents and Guardians,

Our classroom is using interactive reading and math resources from StarrMatica.com to engage students in learning. Your child also has the ability to access StarrMatica's practice activities and games at home, at the library, or from any computer with Internet access. Here are directions to help you and your child log-in:

Go to: www.starmatica.com Type your child's userid, password, and user code in the Member Login text fields found in the upper right corner of StarrMatica's website. Then, click "Login."

Click the button marked INDEX on the left side of your screen. This will open a table of contents. Scroll through the list of lessons by clicking and dragging the scroll bar on the right. Reading lessons are listed first in alphabetical order followed by math lessons in alphabetical order. Click your choice to access content for that lesson.

Once a lesson has been selected, you can navigate to different parts of the lesson by clicking the LEARN, PRACTICE, TEST, and RESOURCES gears at the top of the screen.

Thank you for taking an active role in your child's education, and enjoy StarrMatica!
